

# *Everything Coring*

**Thursday 19<sup>th</sup> June 2025**

*The Geological Society, Burlington House, London*

## *Call for Abstracts*

**Submission Deadline: Friday 23<sup>th</sup> May**

On **Thursday 19<sup>th</sup> June** the London Petrophysical Society will be holding a seminar themed on **“Everything Coring”**.

It will consist of a series of talks presented in person at the Geological Society, each lasting around 25 minutes with some time for audience questions.

Abstracts could include topics relating to:

A review of the **acquisition** and **quality control** of core data

**Recent advances** in full-bore, rotary or percussion sidewall core acquisition technologies

Milestones in core analysis as seen through **field examples** and **case studies**

**Integration, project impact** and **VOI** of core data

Solutions to improve core acquisition and analysis workflows in **challenging environments**

This is a **Call for Abstracts** for presentations from Energy Companies, Service Companies, Independent Consultants, Academia and other interested parties.

Abstracts should be one page of A4 including an illustration and speaker bio, submitted in Word Document format.

Please send your abstracts to Martin Leonard, Email: **[martin@petromac.co.nz](mailto:martin@petromac.co.nz)**, or any member of the LPS Committee, by Friday 23<sup>rd</sup> May.

---
